Growth into Being

By Margaret Holmes

Pilgrim Books. Paperback. Book Condition: new. BRAND NEW, Growth into Being, Margaret Holmes, There is a simplicity about this book which belies its profundity. It is a practical guide to greater spirituality, based on the life and teachings of Jesus. It recognises the immense power of thought and the benefit of meditative stillness. It also recognises our need for continual appraisal, whereby we acquire new values and increased sensitivity. Still within the Christian framework, it moves back from dogma to the simple words of Jesus, and without abstruse argument, restates His basic teaching for today's reader. For all of us there is one objective - our growth in being - and this is our *raison d'être*.

This pdf is wonderful. It is definitely simplified but excitement from the 50 percent in the ebook. You won't sense monotony at any time of your time (that's what catalogues are for relating to should you request me).
