

The Next America: Boomers, Millennials, and the Looming Generational Showdown (First Trade Paper Edition)

Filesize: 3.06 MB

Reviews

It is one of the most popular pdf. It really is full of knowledge and wisdom. It's been developed in an exceptionally easy way and it is just right after I finished reading through this publication by which it really altered me, altered the way in my opinion.

The Perseus Books Group. Paperback. Book Condition: new. BRAND NEW, The Next America: Boomers, Millennials, and the Looming Generational Showdown (First Trade Paper Edition), Paul Taylor, Pew Research Center, The America of the near future will look nothing like the America of the recent past. America is in the throes of a demographic overhaul. Huge generation gaps have opened up in our political and social values, our economic well-being, our family structure, our racial and ethnic identity, our gender norms, our religious affiliation, and our technology use. Today's Millennials--well-educated, tech savvy, underemployed twenty-somethings--are at risk of becoming the first generation in American history to have a lower standard of living than their parents. Meantime, more than 10,000 Baby Boomers are retiring every single day, most of them not as well prepared financially as they'd hoped. This graying of our population has helped polarize our politics, put stresses on our social safety net, and presented our elected leaders with a daunting challenge: How to keep faith with the old without bankrupting the young and starving the future. Every aspect of our demography is being fundamentally transformed. By mid-century, the population of the United States will be majority non-white and our median age will edge above 40--both unprecedented milestones. But other rapidly-aging economic powers like China, Germany, and Japan will have populations that are much older. With our heavy immigration flows, the US is poised to remain relatively young. If we can get our spending priorities and generational equities in order, we can keep our economy second to none. But doing so means we have to rebalance the social compact that binds young and old. In tomorrow's world, yesterday's math will not add up. Drawing on Pew Research Center's extensive archive of public opinion surveys and demographic data, The Next America is...
