## UNIVERSAL EDUCATION AND TECHNOLOGY IN 21ST CENTURY (11 VOLS.)

2003. Hardcover. Book Condition: New. 3490 There has been significant change in education system with the rapid increase in the availability of computers among students. The role of a teacher changes as a coach, guide and an instructor. The introduction of information technology and communication is changing the delivery of education, changing the roles of students and teachers and producing a shift in society from industrialisation towards an education-based society. In fact higher education has immense potential to contribute to the consolidation of democracy and social justice and the growth and development of the economy. Countries are now realising the economic potential and value of technology in education. The World Wide Web has introduced a new vista of educational opportunities for education and students. The Web is a tool which brings job training to unskilled and enriches the understanding of the lifelong learner. About The Author:- Prof. Ramesh Chandra, was born in a family of freedom fighters on July 1st. 1957 in village Bijwara, District Meerut of Uttar Pradesh.
