

## The Opening of the Crystal Palace: Considered in Some of Its Relations to the Prospects of Art (Classic Reprint)

Filesize: 8.49 MB

### ***Reviews***

*The book is great and fantastic. It is written in straightforward words and phrases rather than difficult to understand. You won't really feel monotony at any time of your respective time (that's what catalogues are for regarding should you question me).*

***(Payton Miller)***

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from The Opening of the Crystal Palace: Considered in Some of Its Relations to the Prospects of Art It is indeed impossible to limit, in imagination, the beneficent results which may follow from the undertaking thus happily begun. For the first time in the history of the world, a national museum is formed in which a whole nation is interested; formed on a scale which permits the exhibition of monuments of art in unbroken symmetry, and of the productions of nature in unthwarted growth, - formed under the auspices of science which can hardly err, and of wealth which can hardly be exhausted; and placed in the close neighbourhood of a metropolis overflowing with a population weary of labour, yet thirsting for knowledge, where contemplation may be consistent with rest, and instruction with enjoyment. It is impossible, I repeat, to estimate the influence of such an institution on the minds of the working-classes. How many hours once wasted may now be profitably dedicated to pursuits in which interest was first awakened by some accidental display in the Norwood palace; how many constitutions, almost broken, may be restored by the healthy temptation into the country air, - how many intellects, once dormant, may be roused into activity within the crystal walls, and how these noble results may go on multiplying and increasing and bearing fruit seventy times seven-fold, as the nation pursues its career, - are questions as full of hope as incapable of calculation. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology...
